Thousands of Children Suffer From Worms and Their Mothers Do Not Know What the Trouble Is

Signs of Worms are: Constipation, deranged stomach, swollen upper lip, offensive breath, hard and full stomach with pains, pale face, eyes heavy, short dry cough, grinding of the teeth, little red points on the tongue, starting during sleep, slow fever.

Mrs. H. N. Roberts, 502 Asylum St., Flint, Mich., wrote to Dr. J. F. True & Co.: "My little girl is relieved of her worms." And in a later letter wrote: "Baby is fine and it was your medicine, Dr. True's Elixir, the True Family Laxative and Worm Expeller, that helped her."

The program last night began with a devotional service conducted by Dr. William J. Ford, pastor of the First Church, Burlington, and address of welcome by Rev. William B. route by the aid of maps so that he knew just where he was going. He is a tinsmith by trade and is 29 years old.

Alfred Messier of Granby, P. Q., is a French Canadian who was taken into custody at Richford by immigration officer A. L. Weeks. He was brought before U. S. Commissioner W. H. Cleary, and explained that he was a weaver by trade, that business was dull in Granby, and that he was on his way to Fitchburg to secure employment, and would then return for his wife and child.

He was driving a Buick car when apprehended by officer Weeks. He told the court that the car belonged to George W. Hiscock of Greenfield, whom he met in Granby. Messier told the officer that Hiscock asked him to drive the Buick car to Greenfield, as he would drive a Cadillac, and that the trip would cost him nothing. His bail was fixed at \$500 and was furnished by Judge E. J. Smith.

Officer Weeks considered Messier as undesirable in that he might become a public charge as he had but \$20 which he admitted was borrowed money.

Hiscock is held for a hearing at a later date on the charge of transporting an alien.
